FOREWORD

We are AGents...

Dear captains, crew members, friends, and partners, this Brochure will offer you a synthetic memo of our services and inform you of the areas where we operate. Over the last decades, the maritime industry has evolved constantly and so have the related professions and supplying businesses. As a pioneer in the field of yacht agents, CATALANO SHIPPING SERVICES has, over the years, set a common frame and commitment with selected partners and affiliated offices.

The outcome of this solid history is our label and group "AGents" which now gathers our network of yacht agencies, but also our integrated (accredited suppliers) to fulfil most of your needs in terms of services or supplies. We aim at being your guarantee for quality and consistency. What stays constant in our group, is what drives us from day one : reliability and customers' satisfaction.

YACHT SERVICE AT ITS FINEST

The range of our assistance is almost unlimited, thanks to our effective presence ashore and to our position of central coordinator among numerous third-party suppliers and administrations.

Today, with the additional inputs of our digital interactive solutions, we have taken the services to yachts to a new level.

At the right intersection between dedicated people, tradition of services and new technologies, here we stand, to offer you nothing but the finest.

**«DEDICATED
PEOPLE, TRADITION
OF SERVICES & NEW
TECHNOLOGIES»**

DIGITAL TOOLS & SERVICES

With your satisfaction as our prime objective, our philosophy is also to keep progressing and to adapt to the evolving rules, practices but also technologies.

We believe that this is fundamental to advise, inform and assist you the best we can along your cruises.

My Agents Online

The first App developed by professional yacht agents for professional yacht captains head crew.

"My Agents Online" is a secured, private access interactive web-app. Available on Desktop and on mobile, it offers you a real-time dashboard for all the services that we manage for you.

Our App is interconnected with all our offices, so as a client of any agency of our group, you'll have access to all your ongoing & upcoming services in one single place, at any time!

Enjoy real-time access interactions with all your **berth bookings, services, parcels, documents, disbursement accounts... and from now on pay securely online!**

A screenshot of the LogNav digital portal interface. At the top, there are three icons: a gear for 'PARAMETRIC & DYNAMIC ALGORITHM', a clock for 'REAL-TIME MONITORING', and a compass for 'AIS / LOGS / TRIPS'. To the right, the text reads 'YOUR VESSEL'S ADVANCED DIGITAL PORTAL FOR :'. Below this, it lists 'French and Italian commercial exemption (F.C.E & I.C.E) 70% rule live monitoring' and 'Prorata charters VAT calculation (on time spent in E.U waters only)'. The background shows a blue-tinted image of a yacht. The LogNav logo is in the bottom right corner.

LogNav

LogNav

The only digital and automated web portal and algorithm offering accuracy and peace of mind for the monitoring and forward-looking analysis of your fiscal status.

LOGNAV is also capable of helping your charter guests making substantial savings by calculating the pro rata due VAT related to their navigation, instead of a lump sum.

FEMO BUNKER

Femo Bunker is a global team of experienced yacht bunker traders and logistics specialists, established in 2000 through a partnership between Pesto Sea Group and Fratelli Cosulich. Combining each company's expertise in both yachting and bunkering, we deliver high-quality yacht fuel services worldwide.

Leveraging a trusted global network of Suppliers, we ensure swift response times, competitive pricing, and tailor-made solutions to meet our Clients' needs. Our comprehensive services include global market insights, coordination of fuel deliveries and support for resolving any local issues if encountered.

Depending on the location, we supply yacht bunkers via pipeline, truck, barge, or fuelling stations and offer a variety of grades (AGO / ULSD / MGO) compliant with local & international regulations and adhering to MARPOL / SOLAS standards. In addition, we can supply unleaded petrol, Jet A1 fuel and lube oils, based on availability and logistics.

Aligned with our commitment to sustainability, we incorporate eco-friendly practices into our operations. This includes promoting the use of renewable fuels such as Hydrotreated Vegetable Oil (HVO) to actively support the maritime industry's transition toward a greener future.

At Femo Bunker, we pride ourselves in offering personalised services designed to satisfy the unique requirements of each individual Client. Let us be your trusted partner in navigating the complexities of global yacht bunkering.
